

Abolish

**The BBC
TV Licence**

We want to be counted

**We have decided to join this campaign
to show our national solidarity,
against this unjustified tax.**

**It is very clear that politicians would
never choose to abolish the TV Licence
of their own accord, why would they?**

**Politicians,
our servants.**

**They must be made aware of our
feelings, if they weren't before,
they will be now!**
